

B B C RADIO SUFFOLK

103.9, 104.6 & 95.5 FM

DIRECTIONS TO THE RADIO STATION /CAR PARKS

From the A14 travelling east.

Exit A1158 to Ipswich (Asda) and turn left. Follow the main road straight on towards the town centre. You will go through several sets of traffic lights. Eventually onto a double roundabout system (pub on the right). You need to head straight across (2nd exit) as if to continue on the same road. Carry straight on through 2 further sets of traffic lights until you reach a large floral roundabout - it indicates to turn right for the Civic drive car park (unfortunately not open in the evenings!) however at this roundabout if you turn left and then immediately left again and go to the end of this road you will be at the back of Radio Suffolk.

From the A12

When travelling from London you take the M25, then A12 to Chelmsford, Colchester & Ipswich. Follow the A12 until you reach the A14 interchange where you meet a large roundabout. You will see large Tesco superstore directly ahead and Toys R Us.

Head straight over the roundabout into Ipswich. You meet another roundabout Pizza Hut is on the left, head straight over again into Ipswich.

Past hotel on left, through lights and dual carriage way reduces to one lane, down hill to more major junction...you need middle lane. Straight over and stay in middle lane, Sainsbury's petrol station on left. To next set of lights...middle lane straight over, BMW dealer on right.

Road splits...follow the main route heading to the right, through lights and up to the roundabout.

Left exit onto dual carriageway and stay in left hand lane past Anglia TV building on left. Up to the next round about (St. Matthew's Street).

From here (the station is over in the left hand corner straight over the roundabout and immediately first left, the station is at the end of the lane.

Parking

It is sometimes possible to park at the rear of the radio station if there are spaces, failing that you can park on Berners Street.
